SUMMARY

As a Senior Computer Science student at Umm Al-Qura University, expected to graduate in **February 2025**, I specialize in **backend development**, **AI**, and **UI/UX design**. With strong expertise in **Laravel PHP**, **Java**, **Python**, and **machine learning**, I am passionate about creating innovative software solutions. Currently, I am focusing on **training Large Language Models** to improve **natural language processing**. I am eager to contribute to cutting-edge AI-driven projects and software development.

PROFESSIONAL SKILLS AND INTERESTS

Soft Skills

- Team Leadership
- Creative Thinking
- Time Management
- Responsibility
- Flexibility
- Strong problem-solving abilities
- Excellent communication and collaboration skills

Applied Skills

- Programming with PHP, Java, and Python
- Technical Troubleshooting and Debugging
- Technical Instruction
- Digital Project Management
- Digital Media Management
- Creative Consultancy
- AI & Machine Learning
- UI/UX Design
